

## Internship Letter of Recommendation - Reverr

To whomsoever, it may concern,

I am writing to recommend Aman. He worked with me at Reverr as an App Developer Intern and reported to me in my position as the CEO.

As an intern, Aman was always reliable and resourceful. During his time on my team, he demonstrated exceptional technical proficiency in app development, delivering high-quality work. His work exceeded our goals for two months. I've always prioritized leadership and problem-solving among my team members, and Aman never failed to deliver on both fronts.

Aman is a delight to work with – a team player with a positive, can-do attitude all the way. I wouldn't hesitate to hire him again if the opportunity arose.

Thank You,

Jatin Khurana
